SOFTWARE DEVELOPMENT

Passionate and dedicated Software Developer with a solid foundation in Java, web development, and software methodologies. Currently pursuing studies in Computer Engineering Technology, I am eager to apply my technical knowledge and hands-on skills in a challenging role that will enable me to contribute to impactful projects, continue learning, and grow as a professional within a forward-thinking organization.

EDUCATION

Institute of Computer Engineering Technology
Currently enrolled in Software Development Program
Expected Graduation: [March, 2025]

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, SQL, Python
Frameworks & Libraries: Spring Boot, Angular, React, Flutter, JavaFX, Node.js, Express
Database Management: MySQL, MongoDB
Web Development: HTML, CSS, JavaScript
Software Methodologies: Agile, Scrum, Quality Assurance practices

Projects

Personal Portfolio Website

Developed a personal portfolio using HTML, CSS, and JavaScript.

- Showcased various projects and included an interactive user interface.
- Integrated responsive design principles for optimal viewing across devices.

Cloth management System

Built a JavaFX-based desktop application for Cloth management System

- Implemented CRUD operations and utilized MySQL as the database.
- Enhanced the UI with JavaFX components, improving user experience.

Weather Dashboard

Created a dynamic weather dashboard using JavaScript and Fetch API.

- Displayed current weather and forecast data from a public API.
 - Enhanced user interaction with animations and incorporated a graphical representation of the data.
-

Relevant Experience

Freelance Software Developer

[April, 2024]

- Collaborated on small projects for local clients, including website development and database management.
- Applied skills in HTML, CSS, and JavaScript to enhance web project functionality and user interfaces.

Certifications

Ballerina Programming Certification - [WSO2, 2024]

Soft Skills

- Strong analytical and problem-solving abilities
- Effective communication and teamwork in collaborative projects
- Attention to detail and commitment to producing high-quality code
